

Asset's HABITAT

December 31, 2007

Status Update:

- ❖ A show case layout with all the amenities is almost complete. The photographs show the road formation with asphaltting, electrification with under ground cabling, under ground sewage connections, water supply lines, maintenance chambers, pavement block lined foot paths etc.,

Asset's HABITAT is a premier residential layout with integrated town planning with all modern utilities, and amenities. It is close to schools, business centers and major highways.

Asset's HABITAT is a premier residential layout with integrated town planning with all modern utilities, and amenities. It is close to schools, business centers and major highways.

The leveling of the earth in the remaining part of layout is under progress. Marking of the roads and earth filling is also under progress. The photographs below show the progress on this front.
